

*As another winter comes to an end we look forward to getting out on a project tour to see the progress made on our member's aircraft projects. With the completion and first flights of two aircraft over the winter the choice of projects is dwindling but we hope to find something of interest.*

*I welcome any input EAA and COPA members might have for future issues, I can be reached via email at [wood23@sasktel.net](mailto:wood23@sasktel.net), by phone 306-751-1064*

**Over 50 Years of Sport Aviation in Southern Saskatchewan**

**Project tour May 13<sup>th</sup>**

The project tour will start off with coffee and doughnuts at Dob's Aviation at 09:00. Wayne will have his newly completed RV 12 on display, as well we hope to have as many EAA 154 member's aircraft on the ramp as possible. As well there is always something interesting to see around Dobs, such as the Taylor Craft Dennis is restoring.

Other stops in the city are in the planning stage plus possibility a stop out at Disley to see Vic's Sky Bolt (featured in banner photo above).

Come out for pancakes (with strawberries and whipped cream), eggs, bacon Coffee and juice. For more information contact Vic Zubot at [vic.zubot@imagewireless.ca](mailto:vic.zubot@imagewireless.ca) or call 306 731-2249.

## **Looking for Old newsletter**

John Veale, an EAA 154 member and past president has contacted us looking for an article he wrote back in 1995.

John had written a two part article for the newsletter in September and November 1995. He is missing part 2 (November 1995) and would like to obtain it. If you have a copy could you let me know ([wood23@sasktel.net](mailto:wood23@sasktel.net) or 306 751-1064) so we could arrange to scan and forward it to John. You could also send it direct to John at [jvveale@shaw.ca](mailto:jvveale@shaw.ca).

The newsletter was called "Prairie P-Factor" at that time.

John would very much appreciate any help with this

## **Netflix – Plane Resurrection**
